

Health Insurance

Open Enrollment is from **September 21st to October 16th, 2020**

What is Open Enrollment? This is the time to review your current benefits and make any changes you want to your Health Insurance and Voluntary Benefits – and to renew or enroll in a Flexible Spending Account (FSA) for either Health or Dependent Care. Changes made during Open Enrollment will take effect January 1, 2021. All 2021 Health Insurance information (including rates and plan documents) will be posted here once available from CalPERS.

Note that Open Enrollment will look a bit different this year. Due to COVID-19, there will be no in-person health meetings. An appointment will still be required in order to make any changes to your health insurance, but these appointments will all be conducted over the phone or zoom.

Opt Out Renewals. For those who currently opt out of County health insurance, your annual renewal period will occur **after** open enrollment. You will receive a direct communication at that time with more information and instructions on how to complete that process.
